### “Unreserved praise”

★★★★★ Reviewed 6 May 2011

After 6 years under renovation this centuries old building, surrounded by it’s own vineyards, has been beautifully and tastefully transformed into a 5 star hotel. We were there for a weekend special including wine tasting and an excellent dinner. This is an oasis of tranquility and yet only 2 minutes away from the main Motorway. The rooms are appointed with all modern facilities ( flatscreen, minibar, air con, TV and Wifi ) and yet the decor makes you feel you are in an old castle. Excellent bed, wood pannelled ceiling, very long curtains and wooden floors - we loved it.

A special mention to Claudio, the food and beverage manager. In addition to his recommending suitable wines to complement the excellent dinner, he took 2 hours of his time ( the next day ) to inform us of and let us try our choice of the many very good wines produced here. We had to take some home with us ( on sale at a very favourable price).

The spa and swimming pool are to open soon too.

Stayed May 2011, travelled as a couple
